

# HOUSE OF MACHINA

## Car Hire Hygiene Protocol

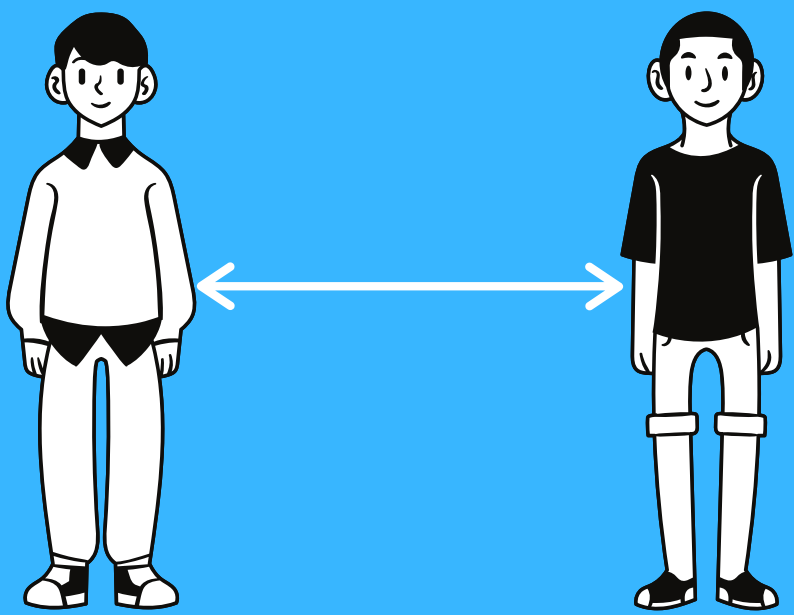

At House of Machina, we've made some big changes to how we operate to reduce any risk to our customers & staff as we work to offer car lovers a safe & hygienic dream machine experience.

### Masks & Gloves

At House of Machina HQ, all staff wear face-masks and gloves while interacting with the public and hospital-grade hand sanitizer is provided to all site visitors and dispensed regularly throughout the hire process.

### Social Distancing

We maintain social-distancing with on-site visitors and ensure that any implements (like pens, clipboards, keys etc) that are exchanged are either new or sanitized prior to being handed over.

### Car Sanitizing

Each vehicle undergoes a thorough disinfecting upon return, including the sanitization of interior surfaces using Barbicide, a clinically proven germicide, fungicide, and viricide. Particular attention is shown to vehicle touchpoints including seats, door handles, key fobs, steering wheels, door buttons, seat belts and touchscreens.

While we make every effort to provide customers with a safe & hygienic experience, our advice to those either feeling unwell, or have been in contact with others who are unwell is: **STAY AT HOME.**
